Oct 02, 2019 How to Win the Robot War Game for Free Duration: 4m 46s Published: 21 Sep, 2019 Category: Video Games The San Francisco riots of the 1960s, the breakdown of the hippie culture in 1970, and the murder of Martin Luther King Jr. in 1968 - all of these things happened in the not so distant past. American cities are now filled with overpriced apartments and condos, yet crime has soared. The police are also stretched too thin to be able to keep up with every crime, which leaves the upper class feeling trapped. The government has also given the police a far too large amount of power, so they have nowhere to turn if they are no longer effective. To make matters worse, the government has secretly decided to prepare for a robot uprising, and the CIA has been helping them. Since the robots are supposed to be "the wave of the future," the government wants to be able to take control of them and even win the Robot War. You, however, want to stop the government from taking over the robots and use them to fight the government. On your way to doing this, you will meet other agents from the CIA as well as robots, spies, politicians, and more. It will be a race against time. Will you be able to foil the government's plans and win the Robot War? How to Win the Robot War Game When your mission begins, a briefing screen will pop up. On this screen, you will get the basic information you need to get started, which includes a list of the factions in the game as well as what they stand for. The factions in the game are the government, who are trying to take over the robots, and the players, who are trying to defeat the government. The players are you and three other agents from the CIA who are fighting the government on your behalf. You start the game with the following three characteristics 2d92ce491b
