Switch Free Audio Converter v7.59 is a must have software for any Mac user. It is a high quality yet easy to use audio converter that can convert audio files from MP3 to FLAC, WAV to MP3, WAV to FLAC, M4A to MP3 and M4A to FLAC! Hello Steve, Thank you for sharing! The best application for windows isn't RapidAudio Converter (although this does do high quality conversion, there are a couple of issues with compatibility, and the interface is kind of hard to work with for newcomers), but is the CAW Converter, which can convert Apple Lossless to MP3, Apple Lossless to WAV, AAC, M4A, Ogg, and much more. The interface is mostly unintuitive, but the conversion is some of the best I've seen. If you'll give it a try, I'm sure you'll love it! (And, by the way, you might want to use iTunes for that Apple Lossless to MP3 conversion - iTunes does a great job of converting Apple Lossless files to Apple Lossless, and has a relatively easy interface (and is, of course, made by Apple).) As for switching free audio converter for mac: maybe this one? Best, Kevin P.S: Other programs that convert lossless audio files to MP3 or WAV files are mentioned here: [Reviews: English: Arabic:](#)
