**Hitman Absolution English File [PATCHED]**

Steps: 1. Open the installation folder. 2. Find and open LumaEmu. 3. Change the language of the game from Russian to ... (any word as in the example above). 4. Click on the game file. 5. Select the folder where you want to install the game. 6. If you want to install multiple games in this folder, then click on the file and select multiple folders and click "Launch Application". 7. After installing the game, it will appear as a regular folder in the folder you specified. It also contains an installation file and a patch data file for the game. You can leave the LumaEmu folder if you intend to play the game frequently.
