PSPICE (Orcad Family Release 9.2 Lite Edition) Installation Instructions. 1. Turn off your antivirus software for a moment. 2. After loading Orcad in ... \pspice\Orcad9\Orcad.exe (by default), a new shortcut will appear in the folder with the program. 3. When starting Orcad, a message will appear stating that a firewall has been installed, and several options will be offered to solve this problem. Based on your decision, you will be prompted to allow Orcad access to system resources. 4. For optimal performance of Orc
