The first FIFA game was released in 1991 for Amiga and Atari ST computers; it was based on the licensed version of the game used by the National Football League (NFL). Following the commercial success of the original FIFA, there were multiple sequels and spin-offs, some of which were written in collaboration with the English Premier League. The World Cup mode was added to FIFA International Soccer, and the Game World engine was used to create the Tiger Woods PGA Tour series, which debuted in 2001. EA developed the popular NFL 2K and NCAA Football series as well. In 2018, EA Sports acquired the rights to license the FIFA video game franchise, starting with FIFA 19.
