

Our Core Video Design class will provide students with the basic tools and skills necessary to create a full-length DVD. Students will study different video editing tools and learn how to record, edit, and synchronize the video content of a DVD project. The course will also include an introduction to DVD authoring tools, such as Final Cut Pro, DVD Studio Pro, and Burn. Students will gain familiarity with the format of a DVD and learn the basics of DVD authoring. In addition to disc production, students will learn the basics of digital video media and how to access and use the resources available on the Internet. The new Brush Studio adds an infinite number of brush types to create backgrounds, characters, and more, including glaze, posterization, and precomposed shapes. You can now resize and rotate your brushes to make them easier to work with. The new Selection Studio includes a selection tool that you can drag around to select any shape. You can erase, clone, delete, fill, and perform other operations. A feature called Brush Studio allows you to use brush shapes in all painting modes and draw your own tool shapes. You can also save brushes to your hard drive and use them in other projects later. The new Character Studio offers both line and gradient pens, as well as color picker tools. You can change the color of any object with a paint bucket. CLIP STUDIO PAINT is the worlds leading comic and manga creation software and delivers powerful art tools for every manga and comic artist. It is designed both for artists wishing to enhance and perfect their pen-and-paper illustrations and for artists wishing to complete the entire process of creating manga and comics digitally. Sketching, inking and coloring your Comics and Manga has never been easier. An inquiry-based studio course that explores the interactions and combinations of painting with drawing, photography, printmaking, sculpture, and new technologies. Emphasis is placed on the synthesis of materials and processes, and on inventive ways to utilize new technologies. An inquiry-based studio course that questions the limits and boundaries of painting as a creative medium, stressing the investigation in both media and technique. Experimentation with non-traditional materials and processes are emphasized, as well as original research in concept and media. An inquiry-based, experimental studio course that questions the limits and boundaries of painting as a creative medium, stressing the investigation in both media and technique. The experimental studio works with a wide variety of media such as clay, found materials, paper and canvas. The goal is to push the boundaries of the language of art and to experiment with different media and processes to see where they take us. The studio course will also give students the opportunity to think about their own experiences and examine the materials, objects, and situations that have shaped who they are, how they view the world, what they can say, and what they have to say. 5ec8ef588b
